Jones Focus: Respect

Each Monday our teachers will be devoting the first 1/2 hour of the day to instruction on respect. After looking at behavior data from the past two (2) years, *Disrespect of peers and adults* has been the number one infraction. Students will learn what respect is and what it looks like to be respectful of others. All Jones Students are **EXPECTED** to be respectful to peers and adults.

Growth Mindset

Students will be learning about their brains this year. They will learn that their brains can grow and change in incredible ways when pushed. A growth mindset assumes that intelligence and other qualities, abilities, and talents, can be developed with effort, learning, and dedication.
